Coast Guard

33 CFR Part 165

[Docket No. USCG–2022–0188]

Safety Zone; Navy Week New Orleans 2022 Fireworks Display Event, New Orleans, LA

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce a temporary safety zone for a fireworks display located on the navigable waters of the Lower Mississippi River between Mile Marker (MM) 94.5 and MM 95.5. This action is needed to provide for the safety of life on these navigable waterways during the event. During the enforcement periods, the operator of any vessel in the regulated area must comply with directions from the Captain of the Port or designated representative.

DATES: The regulations in 33 CFR 165.845 will be enforced from 7:30 p.m. to 8:30 p.m. on April 20, 2022.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notification of enforcement, call or email Lieutenant Commander William Stewart, Sector New Orleans, U.S. Coast Guard; telephone 504–365–2246, email William.A.Stewart@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce safety zone located in 33 CFR 165.845 for the Navy Week New Orleans 2022 Fireworks Display event. The regulations will be enforced from 7:30 p.m. through 8:30 p.m. on April 20, 2022. This action is being taken to provide for the safety of life on navigable waterways during this event, which will be located between MM 94.5 and MM 95.5 above Head of Passes, Lower Mississippi River, LA. During the enforcement periods, if you are the operator of a vessel in the regulated area you must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard ensign.

In addition to this notification of enforcement in the **Federal Register**, the Coast Guard plans to provide notification of this enforcement period via Marine Safety Information Bulletins (MSIBs), Local Notice to Mariners (LNMs), and/or Broadcast Notice to Mariners (BNMs).

Dated: March 29, 2022.

W.E. Watson,

Captain, U.S. Coast Guard, Captain of the Port Sector New Orleans.

[Docket Number USCG–2022–0149]

RIN 1625–AA87

Security Zone; Lower Mississippi River, New Orleans, LA

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary security zone for all navigable waters within 400 yards of the Left Descending Bank (LDB) of the Lower Mississippi River (LMR) between Mile Marker (MM) 94.5 and MM 96, Above Head of Passes (AHP), New Orleans, LA. This security zone is necessary to provide security and protection for visiting vessels and personnel during the events related to the Navy Week New Orleans 2022. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Sector New Orleans (COTP) or a designated representative.

DATES: This rule is effective from 7 a.m. on April 19, 2022, through noon on April 22, 2022.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2022–0149 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Lieutenant Commander William A. Stewart, Sector New Orleans, U.S. Coast Guard; telephone 504–365–2246, email William.A.Stewart@uscg.mil.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it would be impracticable. We must establish this security zone by April 19, 2022, in order to provide proper security for visiting vessels and personnel, and we do not have sufficient time to request and respond to comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to provide adequate security to protect the public during the Navy Week event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sector New Orleans (COTP) has determined that the increased number of personnel and vessels anticipated to be visiting the city during the Navy Week New Orleans 2022 requires certain security measures to ensure that the persons and property are kept secure during the events. The Coast Guard determined that a temporary security zone is needed for this and related events that will be taking place adjacent to a portion of Lower Mississippi River (LMR).

IV. Discussion of the Rule

This rule establishes a temporary security zone from 7 a.m. to 7 p.m. on April 19, 2022 through April 21, 2022 and from 7 a.m. to noon on April 22, 2022. The security zone will cover all navigable waters within 400 yards of the Left Descending Bank (LDB) of the LMR between Mile Marker (MM) 94.5 to MM

96, AHP, New Orleans, LA. This temporary zone is necessary in order to provide waterside security for the protection of vessels and visitors attending the events related to the Navy Week New Orleans 2022. No vessel or person will be permitted to enter the security zone without obtaining permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard (USCG) assigned to units under the operational control of USCG Sector New Orleans. They may be contacted on VHF-FM Channel 16 or 67 or by telephone at 504-365-2545.

Persons and vessels permitted to enter this security zone must transit at their slowest safe speed and comply with all lawful directions issued by the COTP or the designated representative.

The COTP or a designated representative will inform the public of the enforcement times and date for this regulated area through Broadcast Notices to Mariners (BNMs), Local Notice to Mariners (LNMs), and/or Marine Safety Information Bulletins (MSIBs), as appropriate.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on size, location, and duration of the security zone. The security zone will cover all navigable waters within 400 yards of the Left Descending Bank (LDB) of the LMR between Mile Marker (MM) 94.5 to MM 96, AHP, New Orleans, LA and will be enforced for only four days. Vessel traffic will be able to safely transit around this security zone which will impact a small designated area of the Mississippi River near New Orleans, LA for a limited number of days and will not overly impede vessel traffic during the period

in effect. Moreover, rule allows vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the security zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship

between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishing a security zone to protect the public in a small designated area of the Mississippi River near New Orleans, LA for a limited number of days. It is categorically excluded from further review under paragraph L60 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the

person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

[Docket Number USCG–2022–0216]

RIN 1625–AA00

Safety Zone for Pollution Responders; Neva Strait, Sitka, AK

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters within a 100-yard radius of oil spill recovery vessels in Neva Strait. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by pollution response efforts. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Southeast Alaska.

DATES: This rule is effective without actual notice from April 4, 2022, until 6 p.m. on April 29, 2022. For the purposes of enforcement, actual notice will be used from noon on March 25, 2022, until April 4, 2022.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because a vessel ran aground, causing a significant oil spill, and immediate action is needed to respond to the potential safety hazards associated with pollution response efforts. It is impracticable to publish an NPRM because we must establish this safety zone by March 27, 2022.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards associated with pollution response efforts in Neva Strait.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Southeast Alaska (COTP) has determined that potential hazards associated with on-going pollution response efforts will be a safety concern for anyone within a 100-yard radius of oil spill recovery vessels in Neva Strait. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone for the duration of pollution response efforts.

IV. Discussion of the Rule

This rule establishes a safety zone effective twenty-four hours per day from 6 p.m. on March 27, 2022, until 6 p.m. on April 29, 2022. The safety zone will cover all navigable waters within 100 yards of vessels and machinery being used by personnel to respond to a significant oil spill. The duration of the zone is intended to protect personnel, vessels, and the marine environment in
